

SPRING/SUMMER 2024

SUBJECT: Geography

Year: 7

Topic(s) to be covered

Impossible Geography to include characteristics of different extreme environments.

Weather and Climate to include the features of weather formation and extreme weather events. Students will learn about the physical systems that influence our weather such as the water cycle, air masses and air pressure changes. Students will also learn about how people can be affected by different types of weather, both in the UK and the wider world.

Assessment Procedures

1. Interim assessment (15 marks) part of the way through each topic
2. End of year exam (50)

End of year test to focus on all topics studied: Map skills, Impossible Geography and Weather and Climate

Homework guidance

Students will receive a minimum of one homework per week for which they will be expected to spend a minimum of 30 minutes completing. These will be a combination of knowledge retrieval, Seneca, literacy and creative activities. **Failure to complete homework will result in a 30 minute after school detention, in which they will be expected to complete the homework.**

How can you help?

Geog.1/2/3 books have Geographical Skills included in the books.

Atlas or CGP KS3 Revision Guides purchased through Amazon to support your child with their learning.

[https://www.cgpbooks.co.uk/secondary-books/ks3/humanities/geography/ghs34-ks3-geography-complete-revision-practice-\(wi](https://www.cgpbooks.co.uk/secondary-books/ks3/humanities/geography/ghs34-ks3-geography-complete-revision-practice-(wi)

You can help pupils by ensuring their homework is completed on time. Supporting them with their written work and encouraging them to research and then reduce and summarise information rather than copying from the internet. Please encourage them to read out their work to you and explain it in their own words to ensure that they understand it. Please get them to check through their work and correct errors with spellings and presentation.
