

AUTUMN 2023

SUBJECT: KS3 DANCE

Year: 7, 8 & 9

Topic(s) to be covered:

The curriculum for dance aims to ensure that all students:

- To promote a culture of Creativity, with all learners feeling valued.
- To create a positive, engaging learning environment fostering empathy and self-control.
- To develop lifelong participation in dance through the teaching of Dance Performance, appreciation and Choreography.
- To cultivate student leadership and student-centred approaches through formative feedback and peer to peer coaching.
- To develop life skills and confidence

The curriculum map for Dance uses a variety of professional work and dance genres in order to meet the curriculum aims.

Assessment Procedures:

Key stage 3:

Assessment will come in the form of assessment projects in key stage 3.

- Students will be assessed based on practical performance, against an adapted GCSE practical performance criteria.

Students will study a range of genres and professional works and use self and peer assessment. This will include the recording of performance and developing their skills through target setting based on their observations.

Homework guidance:

Students will be asked to complete a Microsoft form each week which will involve flipped learning content. Students will research topics ready for their following lesson.
