

SUMMER 2024

SUBJECT: Art

Year: 9

Topic(s) to be covered:

SURREALISM PROJECT: Students will be exploring the artist, Salvador Dali. Students will be experimenting in using 2D and producing mixed media work including a wax resist, water colour studies and experimenting with water and fine liner. A range of other artists will also be researched that deal with similar ideas.

Assessment Procedures

Students are assessed twice during the development of work, once for their sketchbook development and once for their final piece. Sketchbooks are also marked with targets to allow pupils to improve their progress.

Homework guidance

Students are expected to work on a range of experimental and research-based homework tasks over the period of this project.

Enrichment opportunities:

I would encourage frequent visits to some of the local galleries in Birmingham and further afield if possible.

How can you help?

Practicing observational drawing is a very successful way for students to develop their perception of the formal elements of Art.
