

AUTUMN 2023

SUBJECT: BTEC tech award in Sport (Level 1/2)

Year: 10

Topic(s) to be covered:

Component 1: Preparing participants to take part in sport and physical activity.

- Task 1 - Case study - Barriers that impact participation in sport and how to overcome these.
- Task 2 - Case study - Equipment needed in sport and the types of technology that are used to aid sport.
- Task 3 - Case study and practical - Warming up and the bodies response to it. Delivery of a warm-up to other students.

Assessment Procedures:

Students will complete assignments for each component of work. This will include practical elements of leading a lesson to others and performing in one sport. The assignments will be completed under controlled assessment conditions.

Homework guidance:

Students will complete research tasks that can be used to help them complete their coursework.

How can you help?

Purchase a BTEC revision guide published by Pearson

Ensure they have completed their homework

Encourage students to keep on top of all coursework and attend intervention when needed.
