Here at Lode Heath School, we're on a mission to further develop all aspects of our work as we support our students to be and achieve the very best that they can. Within this refreshingly collaborative and team-focused culture, colleagues work together towards our shared goals. Our aim, quite simply, is to make sure that student achievement is at the very heart of everything we do. Now's your opportunity to help us achieve our ambitious goals as part of our Associate Staff team.

We are seeking to appoint an enthusiastic and committed Technician who will work alongside our Design Technology teacher to provide support to our students and to enable them to excel in their learning and we welcome fresh thinking and new ideas to help us achieve this.

As our Technician you will assist with the day-to-day preparation and delivery of Design & Technology lessons and will work closely with other staff to ensure excellent provision in this area. At present our we focus on woodwork and other resistant materials, although we are interested in developing into textiles. You will take a rigorous approach towards the commitment to protect and nurture students at Lode Heath School in keeping with agreed child protection, safeguarding, attendance and pastoral care policies. Whilst school experience is desirable it is not essential; we want someone who is self-motivated, organised and flexible and has a real passion for working with young people.

Lode Heath School is a member of the Arden Multi-Academy Trust where we are committed in working together to help and enrich the experiences of all within the AMAT family; we have a clear vision to generate self-belief, self-worth, esteem and confidence in our young people who can then display the ambition and aspiration in achieving high educational outcomes.
