If there are any problems with students adhering to rules around in school or remote learning, including if they do not engage with the remote learning set for them, we will:

All students will be supported in the following ways:

- Throughout the school there will be signs/posters/visual prompts to remind students and staff of the new safety measures in place that should be followed.
- All adults will explain new routines sensitively and help students to feel safe and reassured by the rules in place.
- The new routines and expectations will be explained to pupils. This will reassure all students and particularly the most anxious.
- Whilst new expectations are established, we will focus on routines, safety and well-being
- If, despite all appropriate support and guidance, a student repeatedly breaks our current safety rules, the headteacher may, as a last resort, exclude a student either for a fixed period or permanently.

Covid-19 Remote Learning

During school closures we deliver all of our learning remotely. In order to make this process as effective and as engaging as possible we are utilising a variety of new technologies and teaching strategies. Increasingly staff are making use of video technology to record themselves delivering key concepts, modelling how to complete the activity, providing generic feedback or explaining the next steps of the learning.

This is going to be an important element of our teaching and learning strategy and, as such, we need to ensure that all students and parents are aware of, and agree to, the **Remote Learning Behaviour Agreement** outlined below. This will ensure that our staff can be as creative as possible when engaging with our students in their learning.

The agreement below is developed within an overarching aim to provide the very best teaching and learning for our students whilst at the same time protecting our staff. It is essential that all parties are respectful of each other and that the use of video technology does not become an invasion of privacy.

Parental Agreement

I / We agree to support the teaching and learning strategies and increased use of video lessons and live lessons by discussing and reinforcing the expectations identified below. I / We have read the 'Student Agreement' and understand that the agreement is important for the safeguarding of all parties. I understand that breach of this agreement will lead to sanctions and in the event that videos are taken and placed on social media could lead to exclusions, permanent exclusion or police involvement. The school reserves the right to seek legal advice in situations which may be libelous or result in defamation of character.

Student Agreement

I confirm that I have read the 'Learning Behaviour Agreement' and 'General Learning Expectations' below and agree to adhere to it in order to enable teaching staff to make the best use of technology, to provide purposeful and engaging learning during a period of school closure. I understand that breach of this agreement will lead to sanctions and in the event that videos are taken and placed on social media could lead to exclusions, permanent exclusion or police involvement. The school reserves the right to seek legal advice in situations which may be libelous or result in defamation of character

Learning Behaviour Agreement - where a teacher uses a recorded video / live video or audio message to support learning:

- If I am involved in a live lesson I agree to ensure that I am aware of others in my own home and that they know I am engaged in a lesson to avoid unnecessary or inappropriate distractions.
- If I am involved in any live video lesson I will ensure that I am wearing sensible and appropriate clothing that would be deemed acceptable on a school non-uniform day.
- I understand that my teacher will be recording or delivering the lesson from their own home and that I should be respectful that this is their private space and is not a subject that should be discussed with them or with others.
- I understand that other students will also be inside their homes, which may also be visible on camera, and that I should be respectful that this is their private space and is not a subject that should be discussed with them or with others.
- I will not attempt to invite anyone to the live video lesson. Only teachers will invite students to live lessons.
- During a live video lesson I will use the audio 'mute' function when instructed to do so by the teacher.
- During a live video lesson I will cut the camera feed to stop the visual link when instructed to do so by the teacher.
